Case: 2014-02

Subject Member: Registered Professional Forester

Referred to: Complaints Resolution Committee

Date of Decision: February 2014

This complaint did not meet the test in section 22(6)(b) of the *Foresters Act* which requires that the registrar is satisfied that “sufficient information has been provided to allow an investigation to proceed.”

Due to a lack of information to substantiate the complaint and after multiple attempts to communicate with the complainant; the registrar closed the case file. Should more information be submitted to show that the complaint meets the tests in the *Foresters Act*, a new case file will be established and the complaint process can resume.
